

## Inner Strength

Flaw

Here we sit  
All alone in an outnumbered fight  
Led to decipher between wrong and right  
And some may fail  
At this joke that some of us call life  
Yes at this game that some call life

But the system can't bail me out of hell  
I've made this discovery and it has helped  
All I've got is myself, I have faith in that  
Believe and one day, you'll do just as well now

As you were  
You little puppet, you pauper, you freak, that's right  
That's what some of them have said to me  
So I object, and try to figure things out for myself  
I'm building up full emotional wealth

But the system can't bail me out of hell  
I've made this discovery and it has helped  
All I've got is myself, I have faith in that  
Believe and one day, maybe you'll do just as well now

The inner strength, is what the hate, it wants us not to feel  
It's time that we helped, there's no room to fail  
You already know the way out of hell  
All we got is ourselves, I have faith in that  
Believe and one day  
We'll put the system in jail, we'll put the system in jail  
I made it through scraped black and blue  
But so can you  
I made it through so black and blue  
But you can too  
I made it through scraped black and blue  
But so can you  
I've made it through,  
We'll all make it through
