

Somebody's Victim

Flaw

I think you made me hate you
But I don't wanna feel this way
Cause I can see right through you
And all the mind less things you say
I think I'd like to kill you
If I though I'd get away
I'm really Tryin to get though
And find a way to cope with it

How is it i didn't see
You'd probley be the death of me
I'd never though that I would be somebody's victim
Beggin for my life again, prayin for it all to end
I'd never though that I would be somebody's victim

Think about all the things we,ve been through
The sleepless nights and broken days
I can't believe you would hide the real you
Had to fight you just to get away
And now I'm gratefull
and my body is black and blue
and all my thoughts, they always seem to lead to you

How is it I didn't see
You'd probley be the death of me
I'd never thought that i would be somebody's victim
Beggin for my life again, prayin for it all it all to end
I'd never thought that I would be somebody's victim

Now I'll never be the same
And i know you're the one to blame
Can you see what I've become

I've let you make me you're victim
I've let you make me you're victim
I've let you make me you're victim
I've let you make me you're victim!

How is it I didn't see
You 'd probley be the death of me
I'd never thought that I would be sombody's Victim
Beggin for my life to end, prayin for it all to end
I'd never thought that I would be somebody's victim

I know that to say away form you
I don't have anymore to give
Can't you see what I've become

I let you make me you're victim
