

Walls

Flaw

You think that I've had my way a thousand times before today
I think that I gotta say that there is a difference
And the memories that stay inside a box I locked away
You say I'm under the influence

How long have you known you've been wrong?
Still waiting for a change of pace to come around my way here a
ny day now
Can't stay here locked away from all the pressures and aggressi
on that are being sent my way
I want to know how it's a way to let a guard be the only thing
that I say
I can't let you get away because the walls that I put up are go
nna lead today

And the miles again saw the things that we wanted
Seems to crumble away from everything we started
That why I'm here to say I'm sick of everything you play
But you're still in the way, under the influence

How long have you known you've been wrong?
Still waiting for a change of pace to come around my way here a
ny day now
Can't stay here locked away from all the pressures and aggressi
on being sent my way
I want to know how it's a way to let a guard be the only thing
that I say
I can't let you get away because the walls that I put up are go
nna lead today

I want more, I need more, that's for sure
I can't decide the kind of things I'd die for
I can't eat, I can't sleep, I can't breathe
Am I alive here any more?
Still waiting for a change of pace (I want more, I need more)
Can't stay here locked away (I want more, I need more)
I want more, I need more, that's for sure
I can't decide the kind of things I'd die for
I can't eat, I can't sleep, I can't breathe
Am I alive here any more?

Still waiting for a change of pace to come around my way here a
ny day now
Can't stay here locked away from all the pressures and aggressi
on being sent my way
I want to know how it's a way to let a guard be the only thing
that I say
I can't let you get away because the walls that I put up are go

nna lead today
