## **Behind the Mask**

**Fleetwood Mac** 

Don't you come too close to me You're dangerous, can't you see You can make the darkness mean more Then it ever did Ever did before It's a devil's disquise Angel in black And I recognize the face behind the mask It's a devil's disquise Angel in black I don't know if I want you back You're the cool nights of the desert And the hot kisses of the sun Why is it that I don't believe you When you say I'm the only one I know I'm the lonely one It's a devil's disquise Angel in black And I recognize the shadows from your past It's a devil's disquise Angel in black Don't you know it'll never last The face behind the mask There will never be a second chance for you Oh No Not for you It's a devil's disguise Angel in black And I recognize the face behind the mask It's a devil's disquise Angel in black Don't you know it'll never last The face behind the mask It's a devil's disquise Angel in black And I recognize the shadows from your past It's a devil's disguise Angel in black I don't know if I want you back I don't know if I want you back Don't you know it'll never last The face behind the mask
