

# Forever

Fleetwood Mac

I like the way the light falls today  
Slow, too lazy for anything  
I see boats that go sailin' past me (but not too fast)  
You know, I wish this day could keep on goin' and last forever

Please don't fool around with my happiness  
I like the way the light falls today  
Please just let it stay that way  
Slow, easy, forever
