

Lazy Poker Blues

Fleetwood Mac

Me and my baby don't do nothing but lay around all day long
I said me and my baby don't do nothing but lay around all day long
Yeah when I'm with my baby, lazy poker goin' on

She puts some coal on the fire so I can keep my poker hot
she puts some coal on the fire so I can keep my poker hot
Yeah, we stoke around all day long and night time we stoke around some more

Well now me and my baby don't do nothin' but lay around the whole day long
I said me and my baby don't do nothin' but lay around the whole day long
When I'm with my baby, lazy poker goin' on
