

# Mystified

Fleetwood Mac

Oh...  
Pretty baby  
This feeling I just can't hide  
You got me mystified

Oh...  
Pretty darling  
This feeling is deep inside  
You got me mystified

The light that shines around you  
It blinds my eyes  
There's a magic surrounds you  
Tell me where your secret lies

Oh...  
Pretty darling  
This feeling is deep inside  
You got me mystified

Oh...  
Pretty baby  
This feeling I just can't hide  
You got me mystified

You got me mystified
