

# Nothing Without You

Fleetwood Mac

No matter what goes wrong  
You'll never be alone, baby  
Just lay down beside me  
And let your love hide me, oh baby

Seems that things  
Don't mean a thing  
When i  
I mean nothing without you

And if you're ever feelin' down  
I'll come down and hang around you, baby  
Cuz I hold the winning hand  
Just to get to stand beside you baby

See cuz things  
Don't mean a thing  
When i  
I mean nothing without you

Oh I'm just gonna do whatever  
Keeps us together, oh baby  
Cuz I love you more than love  
And I put nothing above you, oh baby

And things they ain't gonna mean a thing  
And I mean, I mean nothing  
No nothing without you...

Oh I mean nothing without you...
