## **Nothing Without You**

## **Fleetwood Mac**

No matter what goes wrong You'll never be alone, baby Just lay down beside me And let your love hide me, oh baby

Seems that things Don't mean a thing When i I mean nothing without you

And if you're ever feelin' down I'll come down and hang around you, baby Cuz I hold the winning hand Just to get to stand beside you baby

See cuz things Don't mean a thing When i I mean nothing without you

Oh I'm just gonna do whatever Keeps us together, oh baby Cuz I love you more then love And I put nothing above you, oh baby

And things they ain't gonna mean a thing And I mean, I mean nothing No nothing without you...

Oh I mean nothing without you...
