

# Only Over You

Fleetwood Mac

I'm out of my mind  
And it's only over you  
I'm out of my mind  
And it's only over you

People think I'm crazy  
But they don't know  
Thought love had failed me  
But now, they're watching it grow

Angel, please don't go  
I miss you when you're gone  
They say I'm a silly girl  
But I'm not a fool

People say they know me  
But they don't see  
My heart's your future,  
Your future is me

Angel, please don't go  
I miss you when you're gone  
They say I'm a silly girl  
But I'm not a fool

I'm out of my mind  
And it's only over you  
I'm out of my mind  
And it's only over you

I'm out of my mind  
And it's only over you  
I'm out of my mind  
And it's only over you
