## **Seven Wonders**

## **Fleetwood Mac**

So long ago Certain place Certain time You touched my hand All the way All the way down to Emmiline

But if our paths never cross Well you know I'm sorry but

If I live to see the seven wonders I'll make a path to the rainbow's end I'll never live to match the beauty again The rainbow's end

So it's hard to find Someone with that kind of intensity You touched my hand, I played it cool And you reached out your hand to me

But if our paths never cross Well you know I'm sorry but

If I live to see the seven wonders I'll make a path to the rainbow's end I'll never live to match the beauty again The rainbow's end

So long ago It's a certain time It's a certain place You touched my hand and you smiled All the way back you held out your hand

If I hope and if I pray Ooh it might work out someday

If I live to see the seven wonders I'll make a path to the rainbow's end I'll never live to match the beauty again The rainbow's end

If I live to see the seven wonders
I'll make a path to the rainbow's end
I'll never live to match the beauty again

If I live to see the seven wonders
I'll make a path to the rainbow's end
I'll never live to match the beauty again
