

## Show Me a Smile

Fleetwood Mac

Take everything easy  
Show me a smile  
It doesn't take much to please me  
My little child

Shine me a light from your eyes dear  
Don't let me see a single tear  
Take everything easy  
Show me a smile  
Soon you'll be a man  
My little one  
So have fun while you can  
Or there'll be none

Everything's going fast around you  
There will be things to astound you  
You'll be a man in no time  
My little one

So take everything easy  
Show me a smile  
It doesn't take much to please me  
My little child

Shine me a light from your eyes dear  
Don't let me see a single tear  
Take everything easy  
Show me a smile  
Ooooohhhh...  
Ooooohhhh...  
Ooooohhhh...  
Ooooohhhh...
