

When You Say

Fleetwood Mac

When you say
That you know
Of all the good times to come

When you say
That there'll alway be
You and me

When I say
That I know
Of all the good time to come

When you say
That there'll always be
You and me

La la la la la la
La la la la la la

La la la la la la
La la la la la la

When you say
That you know
Of all the good times to come

When you say
That there'll alway be
You and me

When I say
That I know
Of all the good time to come

When you say
That there'll always be
You and me

La la la la la la
La la la la la la

La La La, La La La...
