

## You and I, Part II

Fleetwood Mac

I wake up  
With my eyes shut tight  
Hoping tomorrow will never come  
For you and I

Oh the phantoms  
Crawl out of the night  
Hoping the daylight will never come  
For you and I

Keep your heart open and your eyes shut tight  
What will be, will be  
Keep your heart open and your eyes shut tight  
But don't forget about me

Oh the phantoms  
Crawl out of the night  
Hoping tomorrow will never come  
For you and I

Keep your heart open and your eyes shut tight  
What will be, will be  
Keep your heart open and your eyes shut tight  
But don't forget about me

I wake up  
With my eyes shut tight  
Hoping tomorrow will never come  
For you and I  
Hoping tomorrow will never come  
For you and I  
For you and I  
For you and I  
For you and I
