

# You're So Evil

Fleetwood Mac

I'm leavin' you Leavin' you I got the feelin' I'm 'bout to go 'bout to go

Go down all that lonesome road  
Down that lonesome road  
Down that lonesome road  
By myself

You're so evil 'cause you're so evil  
That's why I'm leaving you alone  
Leaving you alone

You got the devil in you, woman  
You got the devil in you, woman  
Someday it's gonna be the death of you  
It's gonna be the death of you

I'm gonna get my .44  
Get my .44 'n shoot, if it holds in you

Yes I'll put you six feet under  
Put you six feet under  
Put you six feet under the ground  
Six feet under the ground

And woman I shed no tears Woman,  
I shed no tears I'll go away with a smile on my face  
Go away with a smile on my face

You got what you're due woman  
You got what you're due I declared  
I won't see you anymore  
See you anymore
