

## Say A Little Prayer

Flesh-N-Bone

[Flesh]

Down, gotta lay me down, down, down to sleep  
(Down, gotta lay me down)  
I pray to the Lord that a holy ghost  
Bless my soul to keep (Pray to the Lord, my soul)  
And if I should die before I wake up, wake up, wake up  
Hope that he saved a place in heaven  
So I pray every day for my soul he take up  
Gettin' my hustle in every day  
Each day, when I would get on my knees and pray  
Everyday faced with all kinda playa hation  
Why they want to make my sanity tighten  
Pray, hey, hey, hey, and I got a beautiful family  
A lovely wife, and my little pretty daughter  
And I got two sons, handsome just like me  
So I count blessing, after each blessing  
Every last blessing I learned a lesson  
I didn't realize my blessings keep me from stressin'  
Jesus came, and died on the cross  
To save us from our sins, our sins  
The kingdom of heaven's at hand  
How much to repent to get in  
Again and again I'm sendin' my praises up above  
And I don't know when I'm entertainin' angels  
So I gotta show more love  
Gotta honor my mother and father with all my heart  
My little brothers Steven and Stewart  
We don't let demons break us apart  
Yeah, you know that's a no-no for sure  
I can put it on my soul  
I can even put it in mode  
And run the little seconds down the road  
I'm ready to go  
Steady rollin', leavin' these strangers  
If the whole world would end tomorrow  
Tomorrow just might be the end  
So wait for the Lord and follow

Chorus

[Flesh]

Must you prepare for the Judgment, baby  
Now, tell me what you've been up to lately  
Situations steady come on the daily, no  
It don't really surprise me  
It don't amaze me, but it do drive me crazy  
Demons, they keep tryin' to fade me, and it's so evil  
All they want to do is aggravate me  
Trip, and I flip, don't make me  
See even when i'm not lookin' for trouble  
Trouble, it seem to come find me  
That's how it is when you live in the limelight  
But I don't worry, put it all behind me  
Gotta get down, way down, stay down  
Satan up under my foot  
Gotta rebuke, and recite the scriptures from my holy book  
That's when it straight shook  
Look at the prophecy comin' down in history  
Still it ain't no mystery, can't let it repeat

Good's gonna demolish evil  
What a meraculous, wonderful victory  
Ooh, yeah, Armageddon waitin' for the moment  
When the lid pop, when it goes down, don't be sleepin'  
Cause it'll creep on us, send a thief in the night  
Watch out, wake up, stay woke  
And gather more faith in Jesus, lead us  
Get ready to do the will of God  
So that he can keep us from the wrath of firey brimstones  
Stay strong and hold onto your faith  
And it won't greet you, yet meet you, deciet you  
We're leadin' and walkin' through heaven's gates  
Chorus

[Pray]

Our father, which art in heaven, hollow would be thy holy name  
Down, gotta lay me down, down, down to sleep  
(Down, gotta lay me down)  
I pray to the Lord that a holy ghost  
Bless my soul to keep (Pray to the Lord, my soul)  
And if I should die before I wake up, wake up, wake up  
Hope that he saved a place in heaven  
So I pray every day for my soul he take up  
(Hallelleja, hallelleja hallelleja  
Hallelleja is the highest praise/forever, Amen)  
Oh, Lord, oh, Lord, how majestic is thy name in all the earth?
