

# A Spirit Dressed In Black

Fleshcrawl

[chorus]

A spirit dressed in black, dressed in black  
A spirit dressed in black, dressed in black

[verse]

Into the void, where everything turns to black  
Life gets destroyed, when evil forces wreck  
Throughout the past, condemned to misery  
Darkness will last, for centuries to come  
For centuries to come

[repeat chorus]

Spirit of death, taking control of me  
Spiritual mess, within my sanity  
Driving me on, attrition of my soul  
Drifting below, beyond my mind's control

Beyond my mind's control

Up against the wall  
No one there to call  
Insanity is back  
A life drowned in black  
Meet my inner fear  
Perishing is near  
Consciousness I lack  
My spirit's dressed in black

Vitality's running low  
Vitality's running low

[repeat chorus]

[repeat verse]
