

## From The Dead To The Living

Fleshcrawl

Evil - Your mind's all about  
Pain is - What you deserve  
Your soul - Is spoiled from inside  
Creatures - Out of this world ú

Shattered dreams  
Of perfect life  
Cast curse  
To endless pain

From the dead to the living s'been a horrible trip  
Into the darkness you drift while your soul's being ripped  
Your body's still alive, but the pain inside grows  
From the dead to the living, a nightmare came true

From the dead to the living
