

# Nothing But Flesh Remains

Fleshcrawl

Nothing but flesh remains  
Flesh remains

[chorus]  
Within the veil  
I'll grind your bones  
Disperse your guts  
Engraved in stone  
Your finest skin  
Conceals my sins  
Your purest blood  
Prolongs my life

Nothing but flesh remains - flesh remains

Within the veil  
Your death prevails  
Your flesh remains  
The breed retains  
My evil soul  
Feeds my ghouls  
My demon's greed  
Therefore you bleed

I just wanna feast upon (7x)  
I just wanna feast upon... your flesh

Nothing but flesh remains - flesh remains

Wallow myself in your blood  
I revel in your flesh  
Caskets shape my daily path  
I satisfy my wrath  
Longing for the final touch  
My spirit needs so much  
Stories of my legacy  
Successor of my laughs

Nothing but flesh remains - flesh remains

[repeat verse]

Nothing but flesh remains... (3x)  
Nothing but - Nothing but flesh remains (6x)
