

# War Of The Dead

Fleshcrawl

[verse 1]

Into the shadow of death  
Gasping for your last breath  
Into the realm of the void  
All hope gets destroyed  
Fighting the war of the dead  
Slain by the evil you dread  
Caught by the devil's spell  
Condemned to rot in hell

[chorus]

War of the dead (8x)

[verse 2]

Into the claws of hell  
Rotting in your dead shell  
Spreading the wings of death  
Inhale the lethal breath  
Fighting the war of the dead  
Spilling your blood unshed  
Burning the left behind  
The downfall of mankind

I'm dying for the dead (4x)

I'm rotting with the dead (4x)

[repeat verse 1]

[repeat chorus]

[repeat verse 2]
