

# The Betrayal

## Fleshgod Apocalypse

Killing, stabbing, poisoning their souls  
I masticate the flesh of those who cheated  
Tasting, trapping, tearing, flesh of men in decay  
Inflicting a neverending pain to those who wait for a  
wasted salvation  
My godforsaken prey  
I dominate the minds of those who lie to build their  
own satisfaction  
Shall all your fears rise again!

Blood from the scars for another god  
Crawling in agony!  
Scream for the scars for another god  
The guilt is the master of all

Blood from the scars for another  
God that is going to drag you in bloody fangs

Die!  
For your insanity  
There is no light to save you from my darkness  
Pay!  
Once and for all  
Your prayers will be vain  
There is no god to bring you anywhere else

Die!  
For your betrayal  
You suffer for your sin  
When all your flesh's becoming food for demons  
Pay!  
Forevermore  
Your claims will not be heard  
There will be blood in every moment for all times

Crushing, caging, their bloody limbs  
I devastate the sons of my creation  
Scorching, blasting, tempting, skin of insanity  
Inflicting a misanthropic hate to those who starve in  
eternal damnation  
My unforgiving wish  
To subjugate the ones who lived in hate to perpetrate  
their deception  
Shall all your fear rise again!

Blood from the scars for another god  
Crawling in agony!  
Scream for the scars for another god  
The guilt is the master of all

Kill to condemn all the human race  
Crawling in agony  
Kill to destroy all its dreadful fakes  
Despising destiny
