

## Organ Harvest

Fleshgrind

My sweet pretty victim  
Destined for defilement  
Experience a horrible pain  
Her heart will beat in my hands

Knock her out, rip her organs  
Rip them out, tear them out!  
Knock her out, rip her organs  
Rip them out, tear them out!

Methodically take out her organs  
With surgical steel and bare hands  
I'll fuck her when she's screaming  
I'll fuck her when she's dead

Knock her out, rip her organs  
Rip them out, tear them out!  
Knock her out, rip her organs  
Rip them out, tear them out!

I slice her belly open  
Expose the large intestine  
And watch the crimson flow  
Stretch incision open

Organ harvest, appendages from a virgin  
As I fuck her, I disemboweled, desecrate  
Organ Harvest, wrap her neck with intestines  
As I eat her I ejaculate on her heart

Smash the ribs, then grab the the lungs, rip them out  
Murder, rape, dissection, necrophilia

Her ass is still warm as I invade it  
I told her I loved her as I jizzed on her liver  
My body shaked, seized, as I ripped apart my love!
