## In Vitro / Dead End

Deadly reflections leaking rom gloomy exponates disintegration tubular horro fills this narrow space art prepartion im turning human remains to fester diction in my glass thesaurus thats what I do

This is dead end in vitro world is like graden of past its my dead end where everything stops time flows not too fast in vitro dead end gallery of strange so empty sights heres your dead end in virtro dead end

The silent flasks ad vials of your own me face full of understanding no deaths to be stripping dead masks lifes funny masquerade no rights are fucked pending you're finaly free

That is dead end in vitro graves are like orchard of lust its my dead end where everything starts time flows but here stops in vitro dead end gallery of strange so empty view here's the immortality clue in vitro dead end

Dead plates of humans bottled with such care I do more donations deposition in my heirs instead the funeral dirge I lavage your carthly remains Lysol eternity thats all you are to gain

This is dead end in vitro world is like graden of past its my dead end where everything stops time flows not too fast in vitro dead end gallery of strange so empty sights heres your dead end
