

## Carol Brown

### Flight of the Conchords

Loretta broke my heart in a letter  
Told me she was leaving and her life would be better  
Joan broke it off over the phone  
After the tone she left me alone  
Jen said she'd never ever see me again  
When I saw her again, she said it again

Jan met another man  
Liza got amnesia, just forgot who I am  
Felicity said there was no electricity  
Emily, no chemistry

Fran, ran, Bruce turned out to be a man  
Flo had to go, I couldn't go with the flow  
Carol Brown just took the bus out of town  
But I'm hoping that you'll stick around

He doesn't cook or clean  
He's not good boyfriend material  
Ooh, we can eat cereal  
You'll lose interest fast,, his relationships never last  
Shut up girlfriends from the past  
He says he'll do one thing and then he goes and does another thing  
Ooh

Who organized all my ex-girlfriends into a choir  
And got them to sing?  
Ooh ooh ooh, shut up  
Shut up girlfriends from the past

Mimi will no longer see me  
Brittany, Brittany hit me  
Paula, Persephone, Stella, and Stephanie  
There must be fifty ways that lovers have left me

Carol Brown just took the bus out of town  
Love is a delicate thing, you can't just throw it away on the breeze  
He said the same thing to me  
How can we ever know if I'm the right person in this world  
That means he looks at other girls  
Love is a mystery, it does not follow rules  
This guy is a fool

He'll always be a boy, hes a man who never grew up  
I thought I told you to shut up  
Mona, you told me you were in a coma  
Tiffany, you said that you had an epiphany  
Mm

Would you like a little cereal?  
Who organized this choir of ex-girlfriends?  
Was it you Carol Brown?  
Was it you Carol Brown?  
Carol Brown just took the bus out of town  
But I'm hoping that you'll stick around  
Stick around  
Stick around

Stick around  
Stick around
