

Lowrider

Flipper

1,2,3,4...

So you're a lowrider, man

Walkin' down the street

Get into your lowrider

All those girls you'll meet

Get out after school

Just to play it cool

Lowrider

Lowrider

So you go to class at school

And you're acting real cool

With those girls in their catholic dresses

You want to be real nice

But you know they're just your vice

Lowrider

Lowrider

A man

Let's go down to target video

And beat up some punk rockers

Snort some dust and cruise slow

And slower

They have those punk rock

Parties at target

We gonna beat them up

Say lowrider

Lowrider

Na you guys are fucking boring

Maybe not you two

The rest of you just standing there

Like a fucking bunch of dills

Why don't you try and do something at least

Try and kill each other you know

That's better kiss my boots

Lowrider
