

## Lowrider

Flipper

1,2,3,4...

So you're a lowrider, man  
Walkin' down the street  
Get into your lowrider  
All those girls you'll meet  
Get out after school  
Just to play it cool  
Lowrider  
Lowrider  
So you go to class at school  
And you're acting real cool  
With those girls in their catholic dresses  
You want to be real nice  
But you know they're just your vice  
Lowrider  
Lowrider  
A man  
Let's go down to target video  
And beat up some punk rockers  
Snort some dust and cruise slow  
And slower  
They have those punk rock  
Parties at target  
We gonna beat them up  
Say lowrider  
Lowrider  
Na you guys are fucking boring  
Maybe not you two  
The rest of you just standing there  
Like a fucking bunch of dills  
Why don't you try and do something at least  
Try and kill each other you know  
That's better kiss my boots  
Lowrider
