

## Oh God

Flipsyde

When you ask me for help then it's blasphemy  
Cause I gave you everything that I had in me  
Why you sittin' on ya ass and you mad at me  
When I think about your life it's a tragedy  
Wasn't nobody there to witness when I made this world  
Created the sun, the moon, the boys and girls  
I gave 'em the holy spirit and they chose to fear it  
Now you fillin' up the churches cause the end is nearer  
How dare you believe I could live in a house  
See your body is the temple and you kicked me out  
With the drugs and the drank and the murder and the rape  
And you think it get erased Sunday when you pray?  
You say that you believe but it ain't what you say  
It's the life that you lead in the night and the day  
I'm in the AK in the night when it spray  
I'm the baby in the grave; I'm the life that you take

(Oh God) Don't call me, call the cops  
(Oh God) I'm sorry but I know you not  
(Oh God) You don't wanna feel my wrath  
(Oh God) You still tryin' to hide ya past

Oh God, please have mercy on me  
Please, have mercy on me

Many souls line up for a chance at life  
And I let 'em all know, it's a sacrifice  
And they let it all go, in the name of love  
Get born and bred to be hoes and thugs  
And you cussin' at the kids and you steal their heart  
See they came from the stars and you tear 'em apart  
And you blame it on the devil but he don't exist  
All this lawlessness, I'm all of this  
Got love for ya soul but ya soul is numb  
And I'm knowin' that you can't remember where you from  
And the road get long with a heart a stone  
I figured that it be better just to bring you home  
And the world that ya in's gonna end from within'  
Cause the minute that you sin, the destruction begins  
It never was the plan turnin' dust into men  
Just to have you turn around and not trust from within

(Oh God) Don't call me, call the cops  
(Oh God) I'm sorry but I know you not  
(Oh God) You don't wanna feel my wrath  
(Oh God) You still tryin' to hide ya past

Oh God, please have mercy on me  
Please, have mercy on me

From the black to the brown to the red and white  
Every color in between from the dark to light  
You don't wanna live together then prepare to fight  
You don't wanna make it better then prepare to die  
Made all of you different and I hoped you'd listen  
Instead of killin' one another but the hope was missin'  
And you starin' at ya brother like you scared to death

Realize when you die that you failed the test  
See I made me a woman and you called her bitch  
Then I made me a man and his throat was slit  
So I made me a plan, made me a band  
Background music while the whole world end  
I'm the only reason why this old world spins  
You committed treason let the sentencin' begin  
Melt the ice caps you can see the sea rise  
Flood each and everything I despise  
Cuttin' all the trees now ya lungs can't breath  
Ozone get depleted and you fry from UVs  
Mountains gon' crumble, valleys gon' rise  
Begging me to stop steady tellin' me lies  
You could never change, your life's out of time  
All the good people dead you are not one of mine  
(You are not one of mine)  
(Oh God) Don't call me, call the cops  
(Oh God) I'm sorry but I know you not  
(Oh God) You don't wanna feel my wrath  
(Oh God) You still tryin' to hide ya past

Oh God, please have mercy on me  
Please, have mercy on me
