And I'ma' drink and I'ma' dip and I'ma ride and I'ma' live It's just the way that I play And I'ma' think and I'ma spit and I'ma' fly and I'ma' give Until the end of my day's I'm skippin' stones 'till I'm lost in the world Fall in love and then get lost in a girl You gotta live life and aint no tellin' what tomorrow can bring As long as you breathin' and livin' ya dream You gotta live life + I'm packin' and leavin' travelin' and sight seein' Writin' my name in the sand on the beach in the Caribbean Hittin' the club give a pound and a hug to the thugs Later on I'm makin' love on that bear skin rug Cause I'm skippin' town I'm skippin stones yeah I'm skippin' town I'm skippin' stones I'm skippin' town I'm skippin' stones And all I know is I'm alone I feel the vibe inside me and I'm not gonna let it go So come on and I'm laughin' and cryin' and buyin' time I'm not gone let it go So come on and I'm findin' a dime thata wanta good time and I'm not gonna le t her go So come on and it's all on the line but I'm still gone' shine I'm not gone l et it go Hey Slow it down for a minute while I capture the sky Surfing the clouds wind surfin' through a deep sea dive The devil's tryin' to get up in my soul but I'm not gone let it go So come on and I'm drinkin' this spiritual wine so he can't fuck with my flo W Cause I'm skippin' town I'm skippin stones yeah I'm skippin' town I'm skippin' stones I'm skippin' town I'm skippin' stones And all I know is I'm alone Come on yeeeh, I'm alone Keep on runnin' through all my days He got a need for speed But what you runnin' from playa I think he runnin' from me Take ya time and just relax He ain't got time to take Slow it down and think about it He got moves to make strugglin' and scrapin' takin' chances attemptin' to ma ke it The time that was taken was tedious but fuck it we made it Created much later now playin' n' singin' invaded with Piper n' Dave And the angels bout to make us the greatest Somebody save us the shit that we spittin' soundin' ridiculous Rippin' and gifted with lyrics flavored up more than licorice Shift it and kick it with enough spittage to make it Sickenin' Skippin' stones, mama I'm gone its time to rip this shit
