

## Someday

Flipsyde

Someday we gonna rise up on that wind you know  
Someday we gonna dance with those lions  
Someday we gonna break free from these chains and keep on flyin'

They tellin' me it's all good just wait  
You know you're gonna be there someday  
Sippin' on Jim Beam ok  
Gotta get these things one day  
Till then do another line you know  
Searching for that other high  
Stop or I gotta steal then steal  
Kill or I'm gonna be killed  
I got a sack in my pocket  
Conscious yellin' drop it  
You know we're gonna lose it someday  
And we tryin' to hold it all together  
But the devil is too clever so  
I'm gonna die you gonna die we gonna die  
Someday one day I said

Someday we gonna rise up on the wind you know  
Someday we gonna dance with those lions  
Someday we gonna break free from these chains and keep on flyin'

Try to lie but it ain't me  
Ain't me try to look but I can't see  
Can't stop right now cause I'm too far  
And I can't keep goin' cause it's too hard  
In the day in the night it's the same thing  
On the field on the block it's the same game  
On the real if you stop then it's no pain  
But if you can't feel pain then it's no gain  
Rearrange and you change and it's all bad  
And you try to maintain but you fall back  
And you crawl and you slip and you slide down  
Wanna make it to the top better start now  
So I hold my soul and I die hard  
All alone in the night in the graveyard  
Someday one day I'm gonna be free  
And they won't try to kill me for being me  
Hey someday

Someday we gonna rise up on that wind you know  
Someday we gonna dance with those lions  
Someday we gonna break free from these chains and keep on flyin'

If you know how this is  
Gonna see it's not that easy  
Don't stop get it till it's done  
From where you are or have begun  
I said keep on try a little harder  
To see everything you need to be  
Believe in your dreams  
That you see when you're asleep

Someday we gonna rise up on that wind you know

Someday we gonna dance with those lions  
Someday we gonna break free from these chains and keep on flyin'
