

Technoromance

Floorfilla

Only one nation Only one groove
Where will the people move
Only one vision only one beat
Where will the people meet

If you want me Get ready to dance
And twist your arms up in the sky
join the party
Cuz this is the chance to live this magic techno romance

techno romance techno techno romance

If you want me Get ready to dance
And twist your arms up in the sky
join the party
Cuz this is the chance to live this magic techno romance

I wanna live my life
I wanna get it right
I wanna dance in your eyes and this is my life
I wanna live my life
I wanna get it right
I wanna dance in your eyes and its my life tonight
