

# Howl

Florence + the Machine

If you could only see the beast you've made of me  
I held it in but now it seems you've set it running free  
Screaming in the dark, I howl when we're apart  
Drag my teeth across your chest to taste your beating heart

My fingers claw your skin, try to tear my way in  
You are the moon that breaks the night for which I have to howl  
My fingers claw your skin, try to tear my way in  
You are the moon that breaks the night for which I have to

Howl, howl  
Howl, howl

Now there's no holding back, I'm making to attack  
My blood is singing with your voice, I want to pour it out  
The saints can't help me now, the ropes have been unbound  
I hunt for you with bloody feet across the hallowed ground

Like some child possessed, the beast howls in my veins  
I want to find you, tear out all of your tenderness

And howl, howl  
Howl, howl

Be careful of the curse that falls on young lovers  
Starts so soft and sweet and turns them to hunters  
Hunters, hunters, hunters  
Hunters, hunters, hunters

The fabric of your flesh, pure as a wedding dress  
Until I wrap myself inside your arms I cannot rest  
The saints can't help me now, the ropes have been unbound  
I hunt for you with bloody feet across the hallowed ground

And howl

Be careful of the curse that falls on young lovers  
Starts so soft and sweet and turns them to hunters

A man who's pure of heart and says his prayers by night  
May still become a wolf when the autumn moon is bright

If you could only see the beast you've made of me  
I held it in but now it seems you've set it running free  
The saints can't help me now, the ropes have been unbound  
I hunt for you with bloody feet across the hallowed ground
