

Give Me Your Love

Florrie

You're playing with dangerous
No stranger trust
Your mind can set you free

You're playing with dangerous
Won't pay for love
I got you on your knees

Oh won't forget my name
I've played my game
No escape back down
No I'm not the same
I've made my claim
Get your feet back on the ground, ground.

Oh won't be the one that got away
You know it baby
Oh I've got you hooked this time and
Predator catches its prey

Givin' me, givin' me, givin' me love, love
Givin' me, givin' me love
You're givin' me, givin' me, givin' me love, boy
Give me some love, give me your love.

Givin' me, givin' me, givin' me love, love
Givin' me, givin' me love
You're givin' me, givin' me, givin' me love, boy
You're givin' me love, give me love.
You're giving me giving me

Giving me love boy
Come give me some love
Give me your love (2x)

If love paid a price I'm sold
Not giving it up
They say I'm losing my touch
Oh oh
You like it or so I'm told
I'll give you some luck
Babe if you'll give me some love
Oh oh

You're giving me giving me
Giving me love boy
Come give me some love
Give me your love
(4x)
