

# Childhood Hero

Flotsam and Jetsam

When I couldn't sleep  
When I saw shadows moving  
When I had to cry  
I was afraid of the unknown  
When I wasn't sure of where my next footstep would fall  
He was always there  
When I did some things out of my mind  
When I let my life stray out of line  
When I put myself in danger  
When I just didn't care  
He was my knight in shining gear  
He was my strength to face the fear  
My booming voice of reason  
Now my childhood hero down  
I don't even know who's there anymore  
He came walking right on in through my door  
Through my door  
All I remember is a demons attack  
I had to protect myself from coming back  
Coming back  
Felt the pain of evil wrapping hands around my throat  
Couldn't run away cause both my legs had been broke  
Grab a gun and shoot into the dark to save my life  
Didn't know what I had done til I turned on the light  
Childhood hero down  
Oh my God what have I done  
Childhood hero down  
It's just a dream that's in my head  
Not just your father figure lifeless on the floor  
He never should have just come walking through my door  
I have to battle all the demons in my sleep  
This is the company I keep that I keep  
Felt the pain of evil wrapping hands around my throat  
Couldn't run away cause both my legs had been broke  
Grab a gun and shoot into the dark to save my life  
Didn't know what I had done til I turned on the light  
Childhood hero down  
Oh my God what have I done  
Childhood hero down  
It's just a dream that's in my head  
Childhood hero down  
Memories and brains upon the wall  
Childhood hero down  
It's just a dream that's in my head  
Why are all my loved ones dead  
Childhood hero down  
Oh my God what have I done  
A shot in the dark has killed the one I love  
Childhood hero down  
Daddy what were you doing in my room  
When I was dreaming death and doom  
Childhood hero down  
Memories and brains upon the wall  
Watching my childhood evil fall  
Childhood hero down  
It's just a dream that's in my head  
Why are all my loved ones dead-dead
