## **Technicolour Yawn**

Woke up in a bed of vomit I think I hate myself Woke up in a bed of vomit I lost my pink wig, and I'm in hell Don't tell me Don't tell me What I did last night Don't tell me What I said last night 'cause Everything's not all right Woke up in a bed of vomit My head hurts, I want to die Woke up in a bed of vomit The low just isn't worth the high

Woke up in a bed of vomit I think I hate myself Woke up in a bed of vomit I lost my pink wig, and I'm in hell

Don't tell me Don't tell me What I did last night Don't tell me Don't tell me What I said last night

[Chorus]
