Bullet

Fluke

Aint nothing wrong, Aint nothing wrong,
Everything alright, Aint nothing wrong,

Not Strictly True,
But its the best way yet to make it through,
Some errors have been made,
Wont go away,
Wont make as many more today,
Is best considered as the greatest,
Yet remembered as the one,
Not as much fun as those ahead,
Not yet begun,
To get it right.

Aint nothing wrong, Aint nothing wrong,
Everything alright, Aint nothing wrong,

To think it easy as simple A.B.C,
No magic spell,
No mystery,
Assuming everything is well
As can be.
Dreamed about it,
Longing for it,
Aint we all but doing it,
Takes something more than better is the best,
Requested,
Now lets get it right.
