

My Spine

Fluke

My head is spinnin' so,
my feet don't touch the ground,
my eyes is blinded by the light,
my hearin' deafened by the sound,
my body's shakin' like a leaf,
my heart's been beatin' out of time,
my blood's been boilin' up inside
and I've been fearin' for my life.

My feet don't touch the ground,
my feet don't touch the ground,
my senses reelin' ,
they been taken by surprise,
at how I'm using up time,
at how I'm using up my pride,
how I've been missin' every sign,
getting all tied up inside.

My feet don't touch the ground,
my feet don't touch the ground.
