

# Innocence

Flume

When you hold me  
All your innocence, something broken  
All your innocence when you hold me  
You hold me  
All your innocence, something broken  
Broken  
All your innocence when you hold me  
You hold me  
All your innocence, something broken  
Broken  
All your innocence when you hold me  
You hold me  
All your innocence, something broken  
Broken  
All your innocence...

(Yes, yes, yes, don't stop, stop, stop...)  
When you hold me  
All your innocence, something broken  
Broken  
All your innocence when you hold me  
(Yes, yes, yes, yes....)  
All your innocence, something broken  
All your innocence....  
(Yes, yes, yes, yes....)

Begin again, begin again  
How do we begin again?  
Start again, start again  
How do we make it all a game?  
Begin again, begin again  
How do we begin again?  
Start again, start again  
How do we make it all a game?

How do we erase  
And how do we evade  
(Something broken, broken)  
(All your innocence)  
How do we erase  
And how do we evade  
(Something broken, broken)  
(All your innocence)

All we want is a chance to give ourselves  
Our way, our way  
(All your innocence)  
All we want is a chance to give ourselves  
Our way, our way  
(All your innocence)
