What About Us

Flume

You can run again when it's dark
I don't want to get you now
I can't see you running out
I don't want to get you back

You can run again when it's dark
I don't want to get you now
I can't see you running out
I don't want to get you back

I can see you're running out
(what about us)
I don't want to get you now
It's clear to me you're not here alone
So far over you

I can see you're running out
(what about us)
I don't want to get you now
It's clear to me you're not here alone
So far over you

I can see you're running out
