

Come on and make a wish  
I don't want to know  
I want to see this love  
You might as well let go  
I want to feel like this  
There's something in your eyes  
Might be my twisted mind  
I think it's paradise

Come on and make a wish  
Before the sun goes up  
I want to see this love  
We might as well let go

You said my life would leave my heart in a deadly spin  
So why don't you come on, baby  
You said my life would leave my heart in a deadly spin  
So why don't you come on, baby  
You said my life would leave my heart in a deadly spin  
So why don't you come on, baby  
You said my life would leave my heart in a deadly spin  
So why don't you come on, baby

Come on and make a wish  
I don't want to know  
I want to see this love  
You might as well let go  
Come on and catch my kiss  
It's flying low  
I want to see this love  
We might as well let go

You said my life would leave my heart in a deadly spin  
So why don't you come on, baby  
You said my life would leave my heart in a deadly spin  
So why don't you come on, baby
