

## Love Hearts

Flunk

Heaven called  
Heaven called  
Heaven called  
Alone for a while  
And I wouldn't say  
Wouldn't say  
Wouldn't stay all the way

You set it higher  
You set it too high  
You said it's 'your love'  
You set it too high

You can choose your love heart  
Embrace it hard  
Sleeping on your own  
You keep coming back for more, for keeps

Kiss your love in a sweet lullaby  
You can only keep it to heart  
Kiss your love in a sweet lullaby  
You can only keep it too high

Kiss your love in a sweet lullaby  
You can only keep it to heart  
Kiss your love in a sweet lullaby  
You can only keep it to high
