

Come as you are  
Come if you like  
Please step inside  
But come as you are  
Entourage  
Escaped in my dreams  
Borderland  
Helter skelter dreams  
Walk through the yard  
Skating in my dreams  
So, we are  
Sheltered in my dreams  
Still on my own  
Still I'm afraid  
No one has seen  
But I've seen my head  
Ice in my dreams  
Ice in my blood  
Borderland  
Iron cast
