

Queen Of The Underground

Flunk

Queen of the underground, where you bound?
What's the soundbite like?
Queen of the underground, where have you been?
I didn't get under your skin

King of the alternative scene, you fall in?
Did your heyday ricochet
Princess heir of the indie sphere, do you still care?
I didn't get under your skin

Queen of the underground, where you bound?
What's the soundbite like
Queen of the underground, Miss Babylon, Amazon, take me in
I didn't get under your skin

Girl of the underworld, where did you go?
I heard you went with the undertow
Didn't get under your skin...
