

Ride

Flunk

I went to a lonely bar and the word was out, so
You could steal my love I guess I wouldn't mind at all
Looking at the cars and looking at the shadows fall
I would let it be, I could let it all go

Oh oh wanna ride with me
Oh oh wanna ride with
Wanna ride with me

Oh oh wanna ride with me
Oh oh wanna ride with
Wanna ride with me

I went into the car heading for a place I know, to stay
You could steal my love, I guess i wouldn't mind at all
Driving through the night, driving to the place I love
I would let it be, I could let it all go

Oh oh wanna ride with me
Oh oh wanna ride with
Wanna ride with me

Oh oh wanna ride with me
Oh oh wanna ride with
Wanna ride with me

Drive drive drive drive...
