

The Fun Is Over

Flux of Pink Indians

the fun's over, start digging
the fun's over, stop eating
the fun has finished, start struggling
the fun is over, start digging
enjoyment is over, begin to hide
dreaming's over, run inside

eating's over, start starving
dreaming's over, start crying
the fun's over, start dying
the fun has ended, stop living

the nightmare has started

do you feel your skin begin to burn?
the nightmare has started
no escape in your pain
there's nothing left to fracture
the fun is over
your chances have ended
the world is over, start wasting away
the end has arrived
start struggling

the end has arrived
