

When You Cry

Fly Project

Turn off the light and close your eyes
It's the night that you will dream
You feeling me you getting closer
Without knowing call on me

I imagine that both we will run
Together up in the sky
I'm missing your voice every day
And touching your lips when you cry ... (2x)

When you cry ... (3x)

Touching your lips when you cry ...

When you cry ... (3x)
