Losing Game

Flying Burrito Brothers

I love you darling but you don't love me Might as well face it and set you free I've been playing a losing game In spite of this I'm not ashamed I gave you my love and I have no regrets I'm true to you baby with love and respect I stood by you when no one else would And I gave you everything I possibly could I'm sitting here with my hopes so high Never been a day pass when I didn't cry People are talking all over town Keep telling me that I should put you down From your lips sweet honey pours That is where all my love goes I shouldn't have put my hopes so high Never been a day when I didn't cry (Repeat first verse)
