

# To Love Somebody

Flying Burrito Brothers

There's a light, a certain kind of light  
That never shines on me  
I want my life to be  
Here with with you to live with you

There's a way, I know everybody says  
Just to do every thing that I can  
But what good will it do  
If I can't have you, if I can't have you

Ooh baby, you don't know what it's like  
You just don't know what it's like  
To love somebody, to love somebody  
The way I love you

I'm just a man, can't you see that's what I am?  
And I breath every breathe that I take for you  
But what good would breathing to do  
If I can't have you, if I can't have you

Baby, you don't know what it's like  
You just don't know what it's like  
Ooh, you don't know what it's like  
You just don't know what it's like  
To love somebody, to love somebody  
The way I love you
