

## Live It Up

Flymore

I'm deadly drunk  
I drown my sorrow in drink  
Just one more sip  
Before get lost

That's all I've got  
The devastated soul  
The wasted life  
It's not a waste, NO!

No life is simple  
It's living off a card  
So strong to hate it  
I've tried but my God passed me by

Lost in my mind  
Hold myself in my hand  
I hold my fate  
In closed fist

I sit and stare  
The last of vodka's gone  
And empty walls  
Are pushing me NOW

No life is simple  
It's living off a card  
So strong to hate it  
I've tried but my God passed me by

This time in my life I'm weak  
It's heart outside yet I'm cold  
I seek the answers too but  
Who will help me to make me old

Every day I've got to hold on  
Every day I've got to move on  
Every day I've got to be strong  
Every day I've got to belong

Sacrifice (3x)

No life is simple  
It's living off a card  
So strong to hate it  
I've tried but my God passed me by
