

## (Hey) I Want It

FM Static

Hey, I want it, Hey, Hey, I want it, want it,  
(Hey, I want it, Hey, Hey, I want it),  
Sing, Hey, I want it, Hey, Hey, I want it, want it,  
(Hey, I want it, Hey, Hey, I want it)

Hey, listen to me, I've never, understood the Games you play,  
I never really know just what to say  
So stop, messin' around,  
And let's take this where it wants to go,  
And skip to the part where we start the show

And they all yelled as if, tomorrow never did  
Exist, and you could hear them miles away,  
It was such a beautiful display  
When they sang

Hey, I want it, Hey, Hey, I want it, want it,  
(Hey, I want it, Hey, Hey, I want it),  
Sing, Hey, I want it, Hey, Hey, I want it, want it,  
(Hey, I want it, Hey, Hey, I want it)

Hey, listen to me,  
Ya can't take back the words you say,  
So don't talk to me if ya don't believe  
Just stop, openin' your mouth,  
'Cause you keep stepping out of line,  
Gonna take this game to overtime

And they all yelled as if, tomorrow never did  
Exist, and you could hear them miles away,  
It was such a beautiful display  
When they sang

Hey, I want it, Hey, Hey, I want it, want it,  
(Hey, I want it, Hey, Hey, I want it),

Hey, I want it, Hey, Hey, I want it, want it,  
(Hey, I want it, Hey, Hey, I want it),  
Sing, Hey, I want it, Hey, Hey, I want it, want it,  
(Hey, I want it, Hey, Hey, I want it)

And they all yelled as if, tomorrow never did  
Exist, and you could hear them miles away,  
It was such a beautiful display [X2]
