Moment Of Truth

Here we are, in the best years of our lives. With no way of knowing, when the Whee'll stop spinning cause we don't Know where we're going... And here we are, on the best day of our lives. And it's a go, lets make it last, so cheers you All to that, 'cause this moment's never comin' back

I used to know her brother, but I never Knew I loved her, 'till the day she laid her Eyes on me. Now I'm jumpin' up and down, She's the only one around, and she means Every little thing to me

I've got your picture in my wallet, and your Phone number to call it, and I miss you more, Whenever I think about you. I've got Your mixed tape in my Walkman, been so Long since we've been talkin' and in a few More days, we'll both hook up, forever and ever

And here I am, on the west coast of American and I've been tryin' to think for weeks of All the ways to ask you, And now I've brought you to the place, Where I've Poured my heart out, a million times, for a million Reasons, To offer it to you I used to know her brother, but I never Knew I loved her, 'till the day she laid her Eyes on me. Now I'm jumpin' up and down, She's the only one around, and she means Every little thing to me
